

ATTRACTIVE GOODS—M. GUTMAN & CO.

ATTRACTIVE GOODS!

COUPLED WITH **Attractive Prices!**

Is a combination usually irresistible. When we took stock January 1, we pushed profits aside and surrendered our store to the profit of our patrons. At every counter you stand before special values at special prices—that are passing privileges—quickly passing too. If you've delayed getting a Suit, or an Overcoat, until the prices went down, don't wait any longer; they are lower now than they have been for the last thirty years. We are able to make a bargain with you now, greatly to your own advantage.

THE ART OF EMBALMING.

Prof. Sullivan, of Boston, Lectures to a Large Class at the Stamm House.

Quite an interesting school of instruction in the art of embalming has been in progress in the Stamm House parlors the last few days, under the direction of Prof. F. A. Sullivan, of the Oriental School of Embalming of Boston. The mission of Prof. Sullivan is two-fold, to instruct undertakers in the new and improved methods of preserving the corpse, and encouraging the formation of state associations of undertakers and embalmers for the purpose of having laws passed governing the calling. In the states of Alabama and Virginia laws regulating undertakers and embalmers are extant, which require members of this profession to take out a license, which is only granted to those having a diploma from some reputable school of instruction in the art, and who are compelled to undergo an examination before a state board of examiners. The professor stated last night that it was expected that the New York and Pennsylvania legislatures would pass such a law, and in time that other states would follow their example.

As the calling of the embalmer is as delicate and confidential as that of the physician the object of state supervision is to confine the business to competent and reputable persons only, which certainly commends itself to the favorable consideration of every community.

The class under the instruction of Prof. Sullivan at the Stamm House is composed of undertakers from this city, Sandia, O., Bellair, Cadiz, West Liberty, Miltonburg, Moundsville, New Athens, Washington, Pa., Antioch, O., Loganport, W. Va., Sistersville, McDonald, Pa., Mannington, Grafton, Jackson, C. H., thirty in all. The professor has so far confined his instructions to charts, mannikin and naked body, and to-day will close his series of lectures by exemplifying the work with a cadaver. The professor also gives instructions in the proper method of disinfecting the premises of the dead and the observance of sanitary measures, thereby preventing the spread of epidemic and contagious diseases.

The West Virginia members of the class contemplate forming an association, and may formulate a bill to present to the legislature incorporating the features contained in the laws of Virginia and Alabama.

Council Committee Organize.

The council committee on real estate last night elected J. R. Butts chairman. The committee on scales made J. A. Britt chairman. The finance committee chose C. A. Robinson, and the committee on railroads H. C. Richards. Mr. Tappan was selected to preside over the lights committee, Dr. Taylor over the committee on petitions and remonstrances and Dr. Stathers over the committee on ordinances. The committee on salaries failed to get a quorum and has not yet organized.

Stylish Jackets, \$5.95 up. Snook & Co.

"In Old Kentucky."

"In Old Kentucky" made a tremendous hit in New York and elsewhere last season, and it bids fair to outstrip all other American plays in enduring popularity. It exploited a new field in the romance and excitement of the Blue Grass state, and it received instant recognition because it introduced playgoers to a phase of life right in their own country quite as interesting as that shown with such monotonous repetition by foreign authors.

Wrappers, 60c up. G. M. Snook & Co.

A Methodist Minister.

Cured of Bronchial Affections, Dyspepsia and Rheumatism.

The Rev. A. P. McNutt, pastor of M. E. church Bradner, Wood county, O., was seriously afflicted with bronchial affections, dyspepsia and rheumatism, during the last few years, to such an extent that he was incapacitated for his clerical duties. He commenced to use Veno's Electric Fluid and Curative Syrup in two weeks, so overjoyed with the success of the Veno treatment, after everything else had failed, that he mentioned his speedy recovery to health to his congregation, and recommended many others to use Veno's remedies. The Curative Syrup is made from the famous Llandrinot mineral water, and is the quickest cure in the world for nervousness, dyspepsia, liver, kidney, blood and stomach disorders, weakness, poor appetite, sleeplessness, and female weaknesses, and when used with Veno's Electric Fluid, will certainly cure rheumatism, lumbago, sciatica, neuralgia, and all aches and pains. Price, 50 cents per bottle. Sold with a guarantee to cure or refund the money by Goetz, the Druggist.

THE REHEARING

Of the Non-Union Men of the Buckeye Glass Works Is Now Assured.

The rehearing of the non-union glass workers charged with riotously assembling on Hanover street at the Buckeye Glass Works, Martin's Ferry, with Winchester rifles and other loaded guns, and who were bond over to court by Mayor Westwood on Wednesday, will probably take place next Monday morning at 9 o'clock before the probate court at St. Clairsville.

George Duncan and S. W. Boyd served the necessary notice yesterday after the men had been placed in the county jail, and Judge Talman said that he could hear the case on Monday at 9 o'clock, the hour asked by the attorneys. The final arrangements will be made to-day. The sheriff has the list of the names of the witnesses and will have the subpoenas served to-day or to-morrow. It is likely that all of the witnesses will be re-examined. The outcome will be awaited with much interest.

"South Before the War."

Owing to the late arrival of a train on the Baltimore & Ohio road this company did not get in from Dayton last night until after 8 o'clock, and by the time the show could open it was nearly 9 o'clock. It is an enjoyable a performance as ever. The Grand has had few more attractive things on its stage. The company looks as if there are nearly 100 on the stage. The jubilee singers, dancers, walkers and pickaninny band surpass anything ever seen in Wheeling. There are four different quartettes; each sung separately, then the sixteen favored the audience with numerous grand choruses. No feature is more attractive than the old darkey melodies. Charley Howard, an old Wheeling boy, is still the star. The piece will be repeated this evening and to-morrow afternoon and evening.
